## Uncover the hottest African private equity opportunities

Private Equity World Africa is a two day conference dedicated to identifying the most exciting private equity opportunities on the continent. It brings together leading LPs and GPs to discuss opportunities presented by Africa's emerging middle class, real estate, financial services, telecommunications, agribusiness and infrastructure.

**NEW: Citadel Capital** will be giving insight on capital raising and on comparing African private equity to that of other emerging markets

**NEW: CIO, African Development Corporation** and MD, **Investec Asset Management** have secured their passes to attend

**Institutional Investors**
